August 20, 2018

To members of the CERN-ESO Pensioners' Association (GAC-EPA)

SUBJECT: Call for candidates for the partial renewal of the GAC-EPA Committee and for the election of an auditor for the years 2019 and 2020.

Dear Members,

Candidates for election as members of GAC-EPA Committee

In accordance with our Rules [edition of October 2011], in December 2018 we have to carry out the partial renewal of the Committee. This year we need to elect 9 Committee members as the terms of office of 9 members expire on December 31, 2018.

The Committee meets on average ten times a year, usually on the first Friday of each month from September to June. These meetings and the various mandates given to elected members in December at the first meeting of the new Committee, **imply availability, the necessity to live in the Geneva area and the need to have an email address and access to the internet.** It is very desirable that we have some candidates who have recent experience of working life at CERN and ESO and the current management.

Thus we send you an **application form to stand for election as a member of the Committee.**

Candidates for election as auditor

In accordance with our Rules, GAC-EPA accounts are checked each year by two auditors before the General Assembly. The mandate of one of the auditors will expire on December 31, 2018. Thus, this year, we need to elect one auditor for the years 2019 and 2020. While not as onerous as being a Committee member, the task of auditors is nonetheless indispensable.

Thus we send you an **application form to stand for election as an auditor.**

It is possible to stand as candidate for both functions. In this case, if elected for both, it is Committee membership which prevails.

Completed application forms should be sent to our address above as soon as possible, and in any event before September 17, 2018. The only condition to be a candidate is to be a GAC-EPA member and have paid the subscription.

In the hope that you will be many to send applications please accept our sincerest regards,

GAC-EPA President

Gertjan Bossen
